In the Claims

Please amend the claims as follows:

1. (Currently Amended) A system to assist law enforcement personnel, comprising:
a radio frequency tag;
an antenna to receive information, in an omni-directional manner, from said radio frequency tag; and
a tag reader to translate said tag information from said antenna into a readable format.
2. (Previously Presented) A system as in claim 1, wherein said radio frequency tag is attached to vehicles at the time of tag registration or sale.
3. (Previously Presented) A system, as in claim 2, wherein said radio frequency tag contains a data chip.
4. (Previously Presented) A system as in claim 3, wherein said data chip contains the license tag information, the registered owner's contact information, including driver's
